## **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Michael Badagliacca (reg. no. 39,099) on March 17, 2006.

The application has been amended as follows:

### **IN THE CLAIMS:**

In claim 1, line 2, a comma --,-- was inserted after "paper".

In claim 1, line 3, a comma --,-- was inserted after "part" and the phrase --including an internal wall-- was inserted after "body".

Claim 4 has been canceled.

In claim 5, line 2, a comma --,-- was inserted after "sheet" and a comma --,-- was inserted after "part".

In claim 5, line 3, the phrase --including an internal wall-- was inserted after "body".

In claim 7, line 2, a comma --,-- was inserted after "sheet" and a comma --,-- was inserted after "part".

In claim 23, line 2, a comma --,-- was inserted after “sheet” and a comma --,-- was inserted after “part”.

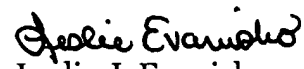

The above changes to the claims 1, 5, 7 and 23 were made to clear up various minor informalities and insure the claim language is clear and accurate. Note the addition of the language “including an internal wall” was to insure the claims are consistent with the disclosure in the specification since the slit is disclosed as being formed on an internal wall of the printer (as opposed to the printer main body), for example, on paragraph [0045] on page 10 of the specification. Additionally, claim 4 was canceled, as recommended by the Examiner, since claim 4 as amended appeared to be unpatentable with respect to the teachings of Nakai (US 5,820,282) in Figure 7 and additionally the subject matter of claim 4 (as amended) was not appropriately illustrated in the drawings.

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to **Leslie J. Evanisko** whose telephone number is **(571) 272-2161**. The examiner can normally be reached on M-Th 7:30 am-6:00 pm.
